

## "I'm a Motion Matrix Kid!"

### Our Mission Statement

Motion Matrix Gym & Learn PLUS offers an activity based learning environment that also offers enrichment activities such as Spanish, manners, life and social skills, PLUS! Our goal is to provide each student experiences that stimulate, assist, support and sustain emerging skills. The importance of a healthy lifestyle through physical fitness will be introduced. We maintain a small student to teacher ratio in order to maximize young children's learning and development, and ultimately, provide each child a unique foundation for current and future school success.
